

Mohammed Faisal Salih Yonis

UAE, Sharjah

mfsurocky@gmail.com | +971562910998 | DoB: 9/6/1997

Fascinated by how infrastructures, that were once design concepts, have become a reality, led me to choose civil engineering as my career path. By researching immense structural projects from The Great Wall of China to the Burj Khalifa in Dubai, I established my interest in civil engineering.

Professional Experience

Murtada Maaz

08/21 - 04/22

Civil Engineer

- Authorized technical drawings and engineering plans.
- Organized materials and ensuring sites are safe and clean.

Boroug consultancy

05/22 - 04/23

Site Engineer

- oversaw construction work.
- prepared site reports and logging progress.

Etaco (Egypt)

08/23 - 01/24

Site Engineer

- supervised contracted staff.
- ensured project packages meet agreed specifications, budgets and/or timescales
- Structural design using etabs and safe
- Planned the project using Primavera p6

Education

University of science and technology

03/15 - 05/20

e.g. BSc Civil Engineering - 2nd

- Exploring the world of civil Engineering

Courses

- Project management and Primavera P6
- CSI design Diploma

Key Skills

- Communication
- Problem solving
- Teamwork
- Computer Skills
- Adaptability
- Project management
- Organization Skills
- Critical thinking
